- Ph8676.jpg shows their one TV which was about a 15" Console CRT Model.
- At some point, (and I don't have a picture of it) Grandpa had 2 TVs. One sitting on top of the other one so he could watch two channels at the same time.
- At this time there were only 2 or 3 channels. They were all Indianapolis stations received using an antenna. Cable TV was FAR into the future at this point.
- Grandpa LOVED the TV and was fascinated by it and he watched it by the hour.
- I am not sure what Grandma thought of the TV.- This shows their one TV which was about a 15" Console CRT Model.
