

CONSCRIPTION BOARD CLOSING UP ITS WORK

**Medical Examinations Like-
ly To Be Concluded
This Evening**

**66 OUT OF 93 WERE
ACCEPTED TUESDAY**

**Twenty-Seven Were Reject-
ed Because of Physical
Defects**

The County Conscription Board began its third and last day's work on medical examinations Wednesday morning. Before the day is over they hope to examine the third one hundred that has been called to help fill the county's quota of 148 and if this job is finished this evening or tonight the board will begin work early tomorrow morning passing on exemptions. This forenoon 188 exemptions had been filed and these must be gone over carefully before there is a final decision as to whether or not those who have passed the necessary physical examination are accepted. Those who are going to claim exemptions for any reasons must file their applications with the board not later than this evening, other wise they will not be considered.

Should they want to present their exemption papers at a later date the privilege will not be granted and if these young men should pass the physical examination they will be taken into the service without any additional ceremonies.

The Board examined 93 Tuesday. Of this number 66 were accepted and 27 were rejected. Rev. K. F. Bray, Clarence Jerrell, Don Jenkins, and Lewis Bray are assisting the board as clerks.
