View from above Tippy Dam - 2 Miles North of

Dear Norma all-
 There are 2 high dams on the map. This is the one I have seen yet. I'm down fishing in the M. River now and I'm in the car.
 I went fishing on the lake yesterday but didn't even get a bite. I'll get one nice fish this AM. But no one is catching any right now.
 The weather is just wonderful. Real Indian summer. Warm days cool nights. The first night it was cold but better now.
 Before I forget, I just need the my head not the handle. I have scads of them. Get me a bottle of Creme Rinse for my hair too. I sure need something. My hair is awful. And Barbara tried so hard to fix it so it wouldn't be curly. It will wear not coming back before next Tuesday at the earliest. It sure is nice just to get. I am just cooking the best possible and just taking it easy. I am not careful. I will get back the 10th I bet for sure.
