Stated that his parents fought all the time. The reason being that Grace had come from a family with money and Oscar had come from a poor family. So Grace wanted everything and Oscar was not interested and did not have the ability to provide them anyway.

Grace led a miserable life and was never happy.

Dear Helen,  
Many thanks for your commencement program we received a few days ago.  
We are glad you have always had such a good school to go too and have finished high school. And it would be nice if you could make something out of your schooling.  
I hope you will not forget your father who has worked lots of days, where he wasn't able so you children would have the things you have needed and

wanted.

Wednesday morning we were looking at television and say you interviews by Hal Simons. Could see and hear you as well as if we had been there. It was quite a thrill for me and I know it was for you.

We want to give you a little something, but as we do not go to town very often and don't know what you need or want will send you the money.

Hope it gets there O.K. It isn't very much but maybe you can get something with it.

We both wish you all the happiness and good fortune you can get out of life.

Have a good time while you can.

Monday Morning.

We got one letter from Junior while he was in the hospital, in March, but haven't heard from him since. I answered him and Esther has written to him three times with out an answer. Hope he got better and able to go back to whatever he was doing. Expect he has found out he has gotten into something pretty serious.

Your Grand father has been pretty sick but is lots biter to day. The Dr. was here yesterday and isn't coming back unless we send for him. He still has Asthma and sinus trouble, has been having rheumatism in one leg for sometime, then last week he had a blood clot in the other leg. That is gone now and he feels better every day so we are feeling much encouraged this morning.

Nov, 18,

Dear Children,

As you know Xmas is not very far away and Mary and I were trying to plan something. I don't have very much room in my house, so, she wants to have a family get to gether in her home. We are going to have it in the afternoon on Dec. 22. A dinner but no presents. See if that plan will not work better. There is 39 now in our family and hope most if not all will come. Do come early so you can have time to visit and have a good time. I imagine you have several cousins you wouldn't know if you met them any place.

I am well as usual and getting along very well in my new trailer.

Love.

In many cases names of students are credited to the academy or some other department who subsequently enrolled in the regular college department. This was necessary because the names had to be taken from their first appearance in College catalogues.

Extract: Dad stated that they lived at this farm for a long time and that Myron had graduated from Cadiz High School. Grandpa owned this farm, he had a mortgage on it. The farm consisted of 80 acres. They had 15 or 20 head of milk cows, had horses and Poland China Hogs - these were his dad's pride and joys. He kept 5 or 6 Poland China sows all the time and only raised this breed of hogs. His mother always kept 500 hens and traded the eggs she got to the grocery store for groceries for the family and then the store would sell the eggs. They also sold the cream from the milk cows and fed the milk, other than what they used themselves, to the hogs. After the house burned his dad built a new house on this farm. They were living at the Scott farm while he was building this new house. The new house consisted of an old house that he had bought, cut in two and hauled it to the Cadiz farm. Once there he put it back together and did the refinishing, and adding porches, etc. Later, after they had left this farm this house that he had built burned and it was said that the next one on the farm after that burned as well. Dad does not think they ever moved back to this farm after leaving when the house burned. He did state the farm was located on a corner. [Page 9] Dad thinks his dad lost this farm in 1929 or so. They couldn't afford to even pay the interest on the mortgage because it was during the depression.

Note: I am venturing a guess as to the date of the move to the Cadiz Farm as being about 1920.

Extract: Dad stated that the house burned in probably 1922 or 23 and that Esther wasn't even a year old yet [She was born 7 1920]. The fire started in the smoke house. A ham probably fell in the coals which spread the fire. The house was a total loss, they lost everything. Some men came from Cadiz but couldn't do anything. There was water but not enough to fight the fire - They didn't have any fire engines. Grandpa and Myron had gone to the elevator at Shirley to get seed oats - This was in March. Dad, Ina and Mary were playing in the front yard and smoke go so bad they moved to the side of the house.

When it got bad there they went inside the house and told their mother. She opened the door to the smokehouse shed and there was the fire. Nobody was hurt. The newspaper stated that dad had died but what they were supposed to say was that his clothes burned up. Dad thinks this was either in the Cadiz or Noblesville newspaper [Probably New Castle Paper].

 Extract: They moved to this farm after the house at the Cadiz Farm burned. Mrs Scott had been married to a man that was a house mover but he had died and she needed someone to run her farm. The Oscar Robbins family moved in with her and Oscar ran the farm. This caused some problems because Grace, Oscar's wife was jealous and afraid that Oscar would have an affair with Mrs Scott. They only lived at this farm for about a year and probably moved to the Shirley farm from here. This was an 80 acre farm. Oscar was also busy building a new house to replace the burned one on the Cadiz farm.

 Extract: Oscar and Grace rented this farm from a banker. They moved here dad thinks when he was about 9 [had to be earlier if he started the first grade here]. The banker paid the bills for Oscar to build the silo on the farm. They had hired someone to do the concrete work. Walter filled the hole with concrete and Myron helped in some way as well. The silo was about 20 or 30 feet in diameter and about 20 or 30 feet tall. This farm was located about 2 or 3 miles from Shirley back east from Shirley and there was a railroad - the farm was next to the railroad. The farm was off of highway 234 about 2 miles south. Highway 234 goes north of Shirley to Kennard then north then east to New Castle. Paul Jarrell ID0053 told dad that if you take the Mechanicsburg Road south you would run into this farm.

 Extract: Dad stated that he attended the 2nd through 4th grades at Cadiz - She said he went to Cadiz for 3 or 4 years then we moved. - I am only guessing that the Oscar Robbins family moved back to the Cadiz farm once Oscar was finished building the new house on the farm. I know the family was back in the Cadiz area because the kids went to school in Cadiz and Myron graduated from Cadiz in 1930 and dad claims he went to Cadiz schools starting in the 2nd grade and through at least the 4th or 5th grades. **Transcription, Notes & Audio:** See SOURCE Media

 Extract: These pages talk about the move and the location of the farm - "Oscar Robbins had wanted to farm the Foulke farm for Mary Underwood Foulke ID0078 but she felt that he was not good enough, because he came from the poor class. Instead, she allowed Rob Ross ID0085 to run the farm. Rob Ross was a big-time auctioneer in Hamilton County so Mary felt he was upper-class and thus worthy of running the farm. Rob Ross ran the farm into the ground and forced (according to Mary) Mary to sign several notes against the farm.

After signing several of these notes Mary was in trouble. Her son Arthur ID0086 stepped in and took the farm from Rob Ross but it was almost too late. This was during the depression and things were bad for everyone. Arthur forced Rob to move off the farm and he got Oscar Robbins to move there to run the farm. This move took place in about March of 1930 when the Robbins family moved from their Cadiz farm which they had lost because they could not make the payments or even the interest on the mortgage on the farm.

Oscar and family moved here and the children began to attend Cicero School. The Foulke family farm was located west of Cicero [see the map in multimedia] and consisted of about 102 acres in 1930. They farmed the farm until about March of 1934 when things got really bad and Arthur could do nothing further to help his mother and she lost the farm. Arthur committed suicide over this and probably other things as well, but mostly the farm.

While the Oscar Robbins family was running the farm they lived in the big house which was a 2-story house with about 8 rooms or so and she moved down to the smaller 4-room tenant house which was about 1/8 of a mile from the main house. **Transcription, Notes & Audio:** See SOURCE Media

Dad feels that both Arthur and Grandma Foulke died over the loss of this farm. Grandpa Robbins just moved away rather than getting any more involved. The farm went back to the bank. Nte: This source gives the size of the farm as 105 acres..It also states they probably bought the farm in 1937 or 1938 and probably sold it the summer of 1943. "This is the first farm that the Oscar Robbins family bought after losing the Cadiz farm in 1930. This farm consisted of many acres. Walter was unsure about the exact amount but estimated anywhere from 105 to 202 acres. They farmed this until just after Walter left for the army. Oscar probably moved from this farm in the summer of 1943 because he could no longer take care of the farm since Walter was not there to help him. His other son, Milton ID0043 would not help his dad with the farm. Oscar traded this farm for the Cole farm so he ended up getting the Cole farm free and clear. Esther ID 0198 and Milton ID0043 both attended Green Twp school while they were living here. This school was located across the river off of 28 south of Fairview.

Extract: I refer to this farm as the "Cole Farm" because this is the name of the people who purchased the farm from Oscar and the people who were our neighbors while living in the neighborhood. This farm was situated in Union Twp, Delaware County, IN. It consisted of 40 acres with a house and a barn and other out buildings. Oscar had some milk cows here but not much else. The only child living with them at this time was Milton and possibly Esther.
